

## About the Program

The Associate in Science (A.S.) Degree in Business Administration educates, trains, and develops students to manage the ever-increasing complexities of business.

This program requires a **minimum of 60 credit hours**. Total program hours may vary based on the student's individual academic degree plan. This program **is eligible** for financial aid.

## Program Requirements

Students must fulfill all requirements outlined in the college catalog.

## Program Accreditation

The A.S. Business Administration degree program is accredited by the Accreditation Council for Business Schools and Programs (ACBSP). For more information about ACBSP, visit [acbsp.org](http://acbsp.org).

## Important for You to Know

**This academic roadmap does not include** developmental education courses in reading, writing, and/or mathematics or other prerequisite courses that you may be required to take. In addition, it does not include program graduation requirements.

**Alternative starting or completion points include:** Business Entrepreneurship (T.C.), Business Specialist (T.C.), Business Operations (T.C.), and Business Management (T.C.).

## Additional Information

## Sample Roadmap

This sample roadmap shows one possible pathway to program completion and may not be appropriate for all students.

Prior to enrolling in classes, please **meet with an advisor** for specific guidance about your individual academic degree plan. Some courses are offered only once per year; advising is critical for course progression.

*\*See the **program requirements** for general education course options.*

This program includes an **Algebra Through Calculus math pathway**. This pathway is intended for students whose academic program requires a foundation of algebra, followed by a sequence of courses that may lead to calculus.

### Term 1
