

## About the Program

The Associate in Science (A.S.) Degree in Interior Design Technology educates, trains and develops students for diverse opportunities in the interior design field. Graduates qualify for entry-level positions with interior design studios, architectural firms, furniture and design showrooms, and other businesses specializing in interior furnishings.

This program requires a **minimum of 75 credit hours**. Total program hours may vary based on the student's individual academic degree plan. This program **is eligible** for financial aid.

## Program Requirements

Students must fulfill all requirements outlined in the college catalog.

## Important for You to Know

**This academic roadmap does not include** developmental education courses in reading, writing, and/or mathematics or other prerequisite courses that you may be required to take. In addition, it does not include program graduation requirements.

Graduates of the A.S. in Interior Design Technology degree program fulfill the educational requirements needed for eligibility to take the National Council for Interior Design Qualification (NCIDQ) exam. Courses within the program may help students prepare to pursue optional certifications, including LEED Associate, Evidence-Based Design, Kitchen and Bath, and Certified Aging-in-Place Specialist.

**Alternative starting or completion points include:** Home Staging Specialist (T.C.).

## Sample Roadmap

This sample roadmap shows one possible pathway to program completion and may not be appropriate for all students.

Prior to enrolling in classes, please **meet with an advisor** for specific guidance about your individual academic degree plan. Some courses are offered only once per year; advising is critical for course progression.

*\*See the **program requirements** for general education and professional elective course options.*

This program includes a **Mathematical Thinking in Context math pathway**. This pathway is intended for students in the broadest range of programs of study. In this pathway, students will explore a variety of mathematical concepts utilizing multiple ways of thinking to formulate and solve problems in context.

### Term 1

Course	Credits
General Education Communications Core course	3-4
General Education Mathematics course	3-5
IND 1020C - Principles of Interior Design	3
IND 1404C - Technical Design	3
IND 1606C - Fundamentals of Interior Design	3

### Term 2

Course	Credits
IND 1229 - Interior Design Planning	3
IND 1420 - Materials and Sources	3
IND 1429C - Basic Textiles	3
IND 2307C - Visual Communications	3
IND 2460C - Interior Design - Computer Aided Drafting and Design	3

### Term 3

Course	Credits
General Education Natural Sciences Core course	3-4
IND 1935 - Building and Barrier Free Codes	3
IND 2462 - Revit for Interior Applications	3
IND 2484 - Interior Design Construction Documents	3

### Term 4

Course	Credits
IND 1100 - History of Interiors I	3
IND 1130 - History of Interiors II	3
IND 2318C - Interior Design Computer Graphics	3
IND 2210C - Residential Interiors	3
Professional Elective course	3

### Term 5

Course	Credits
General Education Humanities Core course	3
Civic Literacy course	3
IND 2222C - Commercial Interiors	3
IND 2500 - Professional Principles and Practices of Interior Design	3

### Term 6

Course	Credits
IND 2933C - Interior Design Capstone or IND 2946 - Interior Design Internship and Seminar	3
Professional Elective course	3
