

## About the Program

The Technical Certificate (T.C.) in Fire Officer Supervisor prepares students for employment as firefighting and prevention supervisors to supervise fire fighters. The program is beneficial to professionals seeking career field enhancement.

This program requires a **minimum of 12 credit hours**. Total program hours may vary based on the student's individual academic degree plan. This program **is not eligible** for financial aid.

## Program Requirements

Students must fulfill all requirements outlined in the college catalog.

## Important for You to Know

**This academic roadmap does not include** developmental education courses in reading, writing, and/or mathematics or other prerequisite courses that you may be required to take. In addition, it does not include technical certificate graduation requirements.

This program **does not** prepare students for certification as fire fighters and does not complete the requirements to be eligible to sit for Bureau of Fire Standards and Training (BFST) certification exams.

Students in this certificate program **are not required** to complete math courses unless they are listed as part of the certificate program. This certificate articulates directly into the Fire Science Technology (2911) (A.S.) degree, which includes a **Mathematical Thinking in Context math pathway**. This pathway is intended for students in the broadest range of programs of study. In this pathway, students will explore a variety of mathematical concepts utilizing multiple ways of thinking to formulate and solve problems in context.
