

About the Program

The Technical Certificate (T.C.) in Health Navigator Specialist trains individuals to access the maximum array of benefits from community services, clinical care, and health insurance. Graduates are trained to help support patients and guide them through health care systems.

This program requires a **minimum of 31 credit hours**. Total program hours may vary based on the student's individual academic degree plan. This program **is eligible** for financial aid.

Program Requirements

Students must fulfill all requirements outlined in the college catalog.

Important for You to Know

This academic roadmap does not include developmental education courses in reading, writing, and/or mathematics or other prerequisite courses that you may be required to take. In addition, it does not include technical certificate graduation requirements.

Students in this certificate program **are not required** to complete math courses unless they are listed as part of the certificate program. This certificate articulates directly into the Health Navigator (2370) (A.S.) degree, which includes a **Mathematical Thinking in Context math pathway**. This pathway is intended for students in the broadest range of programs of study. In this pathway, students will explore a variety of mathematical concepts utilizing multiple ways of thinking to formulate and solve problems in context.

Sample Roadmap

This sample roadmap shows one possible pathway to program completion and may not be appropriate for all students.

Prior to enrolling in classes, please **meet with an advisor** for specific guidance about your individual academic plan. Some courses are offered only once per year; advising is critical for course progression.

Term 1

Course	Credits
HSA 2117 - Healthcare Delivery	3
HSC 2100 - Health Education	3
HSC 2660 - Health Communications	3
PHC 2100 - Introduction to Public Health	3

Term 2

Course	Credits
HSA 2322 - Health Insurance	3
HSC 2561 - Care for an Aging Population	3
