

About the Program

The Technical Certificate (T.C.) in Web Development Specialist enables graduates to design, develop, maintain, manage, and administer comprehensive websites for corporations and organizations. The program also provides a foundation for various certification examinations in webmaster/web development.

This program requires a **minimum of 25 credit hours**. Total program hours may vary based on the student's individual academic degree plan. This program **is eligible** for financial aid.

Program Requirements

Students must fulfill all requirements outlined in the college catalog.

Important for You to Know

This academic roadmap does not include developmental education courses in reading, writing, and/or mathematics or other prerequisite courses that you may be required to take. In addition, it does not include technical certificate graduation requirements.

Students in this certificate program **are not required** to complete math courses unless they are listed as part of the certificate program. This certificate articulates directly into the Computer Information Technology (2153) (A.S.) degree, which includes a **Mathematical Thinking in Context math pathway**. This pathway is intended for students in the broadest range of programs of study. In this pathway, students will explore a variety of mathematical concepts utilizing multiple ways of thinking to formulate and solve problems in context.

Sample Roadmap

This sample roadmap shows one possible pathway to program completion and may not be appropriate for all students.

Prior to enrolling in classes, please **meet with an advisor** for specific guidance about your individual academic plan. Some courses are offered only once per year; advising is critical for course progression.

Term 1

Course	Credits
COP 1000C - Introduction to Computer Programming	3
CGS 1100C - Microcomputer Applications for Business and Economics or CGS 1060C - Introduction to Information Technology or CTS 1133C - Software Configuration	3

Term 2

Course	Credits
CTS 2437C - SQL Server I - Fundamentals	3
COP 2822C - Web Technologies	4

Term 3

Course	Credits
CGS 2820 - Web Site Design and Development	4
COP 2842C - Internet Programming	4

Term 4

Course	Credits
CGS 2821 - Advanced Web Site Design and Development	4
