

## About the Program

The Bachelor of Science (B.S.) degree in Financial Services provides students with valuable skills in problem solving, analytical thinking, quantitative methods, business, ethical decision making, management, and finance.

This program requires a **minimum of 120 credit hours** including 60 transferrable college credit hours that are completed prior to applying to the program. Total program hours may vary based on the student's individual degree plan. This program **is eligible** for financial aid.

*FSCJ bachelor's degree programs are part of Florida's 2+2 Program. For additional information, visit [https://www.fldoe.org/core/fileparse.php/3?url=/pathways\\_to\\_success.pdf](https://www.fldoe.org/core/fileparse.php/3?url=/pathways_to_success.pdf).*

## Program Accreditation

The B.S. Financial Services degree program is accredited by the Accreditation Council for Business Schools and Programs (ACBSP). For more information about ACBSP, visit [acbsp.org](http://acbsp.org).

## Program Requirements

The bachelor's degree is for students who have earned an associate in arts or associate in science degree or 60 hours of transferable college credit. Students must fulfill all requirements outlined in the college catalog.

The following **Lower Division Coursework** will satisfy the prerequisites required for specific upper division coursework.

- ACG 2021 - Financial Accounting
- ACG 2071 - Managerial Accounting
- CGS 1100C - Microcomputer Applications for Business and Economics
- ECO 2013 - Economics I - Principles of Macroeconomics
- ECO 2023 - Economics II - Principles of Microeconomics
- MAC 2233 - Calculus for Business and Social Sciences
- QMB 2100 - Business Statistics  
or STA 2023 - Elementary Statistics

## Important for You to Know

**This academic roadmap does not include** required lower division or general education coursework, which may include prerequisite courses for upper division coursework. In addition, it does not include program graduation requirements.

This program includes an **Algebra Through Calculus math pathway**. This pathway is intended for students whose academic program requires a foundation of algebra, followed by a sequence of courses that may lead to calculus.
